Profile

An enthusiastic and highly motivated individual who has a clear understanding of the role and responsibilities associated with being an engineer. Have gained lots of laboratorial and practical works in different countries (UK, Greece, Afghanistan, Turkey, Russia, Portugal, Cypress, Poland, Georgia, Ireland, France, Austria and Egypt) and have participated different company's programs (AFRUS, WYFEGYPT, AFTUR, GERYF, KOSGEB, TÜBİTAK, AFGTALENT, BİGUK, WFYS2017, UKINVENTS and THE YOUNG INVENTORS) for field and office experience. Have gained the experiences of Construction Internship, Office Internship, Laboratory Internship, Academic Project Research Work and Laboratory Work. Active developer and inventor of three R.D. projects and busy with ongoing researches at the lab of the KOU and R.D company. I feel that my strongest strengths are firstly having a passion for Engineering career, Secondly an ability to understand and prioritize my study in a changing educational environment, thereby helping me to successfully deliver results.
