

## **MEDICAL CERTIFICATE**

I am Pham Thi Thanh Nhan, from Vietnam. Due to the serious situation of Virus Corona in Vietnam and all over world, I can not make an appointment with doctor in my area to check my health. However, I promise that my health is very good as I have just taken one medical certificate from local hospital to take the driving license test at the beginning of March, 2020. I hope that this report will be accepted and UMich 2020 can make an allowance for me. I will take a new medical certificate If I am selected and when the virus has gone way. Thank you very much!
